

IBBAS Non-exhibiting membership (2019 information)

We are in the process of developing ideas around non-exhibiting membership: how the society might benefit and learn from anyone keen to be part of a Harry Becker inspired society, and what the society might offer to this type of membership. Ideas are only just coming in on this, so any thoughts you might have to contribute would be most welcome. At present there is no fee to pay.

If you'd like to in some way share in the development of ideas, whether by email, phone, letter or face to face meeting, please complete the information below (using the reverse of the sheet)...

If you'd simply like to be kept informed but not take part in any discussion, please supply your preferred contact method and tick here.
